ABOUT US

B. K. Birla Institute of Engineering & Technology is one of the premier “Industry-Oriented and Application-Driven” institutes in India. Shree Krishnarpan Charity Trust, under Chairmanship of renowned industrialist Syt Basant Kumar Birla, set up BKBIET, in 2007.

The Institution has been true to its commitment in providing quality education in Engineering and Technology. Our strong alliances with leading international universities, industries and professional bodies have increased access to latest education, opportunities for engagement and exchange, collaborative research and innovation for our students and faculties. We believe the best way to help BKBIETians meet challenges is to provide a supportive and enriching environment.

AIM AND OBJECTIVE

The aim and objective of this workshop is to make future engineers acquainted with conceptual as well as practical knowledge of industrial automation and control systems. It will also focus on the significance and application of automation and control technologies in manufacturing industries. Moreover, It will focus on the latest developments like Artificial Intelligence, Machine Learning, IoT etc. which are changing role of automation and control world.
