

**BK Birla Institute of Engineering & Technology, Pilani (Raj.)**

**Department of Computer Science and Engineering**

---

### **Program Specific Outcomes**

- PSO1** The ability to identify, analyze and design solutions for complex engineering problems in multidisciplinary areas by applying the core principles of computer science engineering and allied fields.
- PSO2** The ability to achieve programming competency through the use of algorithms and the implementation of standard practices in software project development to deliver quality software products that accomplish industrial needs.
- PSO3** Demonstrate ethical behavior in their chosen professions and daily conduct, while working towards the betterment of society and engineering community.
