About BKBIET: B K Birla Institute of Engineering & Technology, Pilani is an institute of international repute, was founded by Shree Krishnapan Charity Trust as its technical wing under the Chairmanship of Late Syt. Basant Kumar Birla in the year 2007. The institute is approved by AICTE & is affiliated with Bikaner Technical University, Bikaner for undergraduate programmes in Computer Science Engineering (NBA Accredited), Information Technology, Electronics & Communication Engineering, Electrical Engineering, Mechanical Engineering, Computer Science Engineering (Data Science) and Artificial Intelligence. The institute has dedicated faculties, modern infrastructure, state of art laboratories & workshops, libraries with a rich collection of books, journals, a training & research center, and good medical facilities. The institute has facilities of well-furnished boys and girls hostels, gym playgrounds, and courts for different Sports. The institute is sprawled over 18 acres of land located in the vicinity of campuses Birla Technical Training Institute, Central Electronics Engineering Research Institute, and Birla Institute of Technology and Science, Pilani. BKBIET, Pilani provides the highest quality technical education and first-rate environment to engineering students from all over India to pursue their academic, intellectual, moral, and cultural skills.

About Rajasthan Ganita Parishad (RGP): To encourage teaching and research in Mathematics in the State, Rajasthan Ganita Parishad (RGP) was established in 1987, the birth centenary year of Great Indian Mathematical Prodigy Srinivas Ramanujan with its registered head office at Department of Mathematics, S.P.C. Government College, Ajmer, Rajasthan. It is a registered body and RGP has been serving for the cause of Mathematics, since then. The first convention of RGP was held during 20-21 Feburay, 1987 at Government College, Ajmer.

About the Conference: The purpose of this conference is an earnest attempt to create the right

interface for the exchange and dissemination of new ideas and techniques among the young researchers in various fields of Mathematical sciences and Physical sciences. Mathematics and Allied Sciences has played a crucial role in the progress and development of nations and societies in the modern era. The conference will stimulate and equip the researchers with important Mathematical tools to handle practical challenges encountered in research. This event will allow participants to exchange ideas and experiences with experts in their respective fields. Attendees will have the opportunity to interact with interdisciplinary researchers, educators, mathematicians, and statisticians to discuss the most recent innovations, trends, and concerns. The conference aims to contribute to the development of Mathematical sciences, allied sciences, and their applications in engineering. Moreover, the conference includes keynote addresses and plenary sessions from experts and the presentation of contributed papers.

Target Audience: UG/PG Students, Research Scholars, Faculty Members and Scientists in Science and Engineering field, as well as the industry persons interested in getting exposure on recent trends in Mathematics and its applications for Science and Engineering.

Call for Papers: As per the objectives of the conference unpublished research papers, reviews articles on recent developments in Mathematical and Allied Sciences, its applications in Engineering & Sciences are invited.

Interested participants are requested to send abstract (Abstract Format: Software: MS Word, Paper Size: A-4, Font: Times New Roman, Line Space: Single and not exceeding 300 words) along with key words of their paper at the Email ID ramasbkbiet@gmail.com by 15th March, 2023. The participant will be intimated for acceptance of the abstract by 20th March 2023.

- To recognize and promote quality contributions to academic research a Best Paper Award will be awarded.
