* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

Organising Institute: Indian Institute of Technology Kharagpur

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

* A candidate is considered qualified if the marks obtained are greater than or equal to the qualifying marks for the category to which the candidate belongs. The qualifying marks are indicated in the table along with the rank list.

General Information

GATE Score = $S_1 - S_2 \times \frac{(M - M_1)}{(M_2 - M_1)}$

The GATE 2022 score is calculated using the formula

S_1 is the marks obtained by the candidate in the paper. S_2 is the marks obtained in the paper by the candidate in the paper. M is the total marks of the paper. M_1 is the marks of the question paper included in the question paper. M_2 is the marks of the question paper. M_1 is the marks of the question paper. M_2 is the marks of the question paper.

In the GATE 2022 score formula, M_1 is 25 marks out of 100 or 25% of the marks in the paper. M_2 is the marks of the question paper. M_1 is the marks of the question paper. M_2 is the marks of the question paper.

Qualifying marks for the paper are given in the table below. The marks of the question paper are given in the table below. The marks of the question paper are given in the table below.

For further details regarding GATE 2022, you may refer to the website of the Institute of Technology, Bangalore on behalf of the National Evaluation Centre (NEC) - GATE for the Department of Higher Education, Ministry of Education, Government of India.

Sub: Confirmation of admission at National Forensic Sciences University (NFSU), Gandhinagar

Dear Ankit Sharma

Congratulations!

I am pleased to inform you that your admission to M.Tech Cyber Security for the academic year 2022-2023 has been confirmed at Gandhinagar of NFSU.

Your academic session will commence from 16th August 2022 (Tuesday) at your allotted campus. You are requested to report to the campus and meet your program coordinator for further processing on the day of the commencement.

Kindly bring all of your original documents (as per the list in your counselling letter) for the enrollment procedure in the first week of your academic session.

If you have any queries, you can contact your program coordinator via email.

We hope this precious opportunity to study at NFSU will bring all your dreams come true and we wish you all the best in your academic journey at NFSU.

The orientation program for all the students is scheduled from 16th August 2022.

With best regards,

Prof (Dr.) Purvi Pokhariyal

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

339ed1fa6090e9abfede9227166970d6

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

DIRECTOR

BK Birla Institute of Engineering & Technology
PILANI-333031 (Rajasthan) INDIA

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^j - M_q^j}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^j$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^j is the average marks of the top 0.1% of the candidates considering all sessions

M_q^j is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

माया चाहर ने आईएस में 547 रैंक हासिल कर बीकेबीआईटी का नाम रोशन किया
