**BKBIET in collaboration with IIT Madras has developed IoT-based
organized a workshop**

E-cell BKBIET in collaboration with IIT Madras organized an IoT-based workshop in the college under the program of Shastra 2023. Prakhar Maheshwari, Head of Expert-Association, IIT Madras, was the publicity coordinator Bhavya. who moderated the session. The entire workshop was held at the premises of BKBIET. Internet of Things ('IoT') - Internet is on the rise and will become a reality in the next five years. It helps people live and work better, as well as gain complete control over their lives. The primary goal of the event was to educate young adults about the uses of IoT. Dr. Santosh Jangid (E-Cell Incharge) told that many students participated in this workshop. Over the course of three hours, the students were exposed to various materials related to IoT. Their experiences in the workshop inspired them to explore further on their own. It was a great way to learn practical skills and make new connections and establish relationships with people and many other things.
