# Director's Message

**Dr. B. K. Rout**  
Director, BKBIET Pilani

**B K Birla Institute of Engineering & Technology, Pilani, Rajasthan**, has emerged as a prominent institution dedicated to technical education and holistic development since its inception. Guided by the values and vision of Shri B. K. Birla, the institute has consistently strived to provide quality education in engineering and technology.

With a strong academic foundation, cutting-edge laboratories, and an emphasis on innovation and research, BKBIET empowers students to evolve into skilled, responsible, and industry-ready professionals. Our vibrant campus nurtures curiosity, encourages critical thinking, and fosters a culture of continuous learning.

The Training & Placement Cell at BKBIET plays a pivotal role in bridging the gap between academia and industry. It not only facilitates meaningful internships and industrial training opportunities that provide valuable hands-on experience but also invites esteemed organizations for the recruitment of our undergraduate and postgraduate students.

I extend a warm invitation to companies and institutions to collaborate with us in shaping the future of young technocrats. By offering internships and placement opportunities, you contribute not only to the growth of individual students but also to the development of our nation.

# TPO's Message

**Mr. Reetesh Gautam**

Training and Placement Officer (TPO) BKBIET, Piloni

The **Training & Placement Cell** at **BKBIET**, plays a vital role in preparing students for industry. We focus on providing internship and placement opportunities that bridge the gap between academic learning and professional requirements.

We take pride in the well-rounded and technically competent graduates we produce—students who are not only academically sound but also equipped with the skills and values required to contribute meaningfully to the corporate world and society at large. Our students come from diverse engineering disciplines and are trained in a collaborative, innovation-driven environment that encourages both technical excellence and leadership.

We invite esteemed organizations to engage with our students through internships, pre-placement talks, and recruitment drives. Collaborating with BKBIET offers you access to a pool of enthusiastic, well-trained, and dynamic individuals ready to take on new challenges and contribute to your organization's growth.

We look forward to fostering long-term industry-academia partnerships that benefit both our students and the corporate world.

# About BKBIET

B. K. Birla Institute of Engineering & Technology is one of the premier industry-oriented and application-driven institutes in India. Shree Krishnarpan Charity Trust, under Chairmanship of renowned industrialist Mr Basant Kumar Birla, set up BKBIET, in 2007.

The Institution has been true to its commitment in providing quality education in Engineering and Technology. Our strong alliances with leading international universities, industries and professional bodies have increased access to latest education, opportunities for engagement and exchange, collaborative research and innovation for our students and faculties. We believe the best way to help BKBIETians meet challenges is to provide a supportive and enriching environment.

- Artificial Intelligence
- Computer Science Engineering
- Data Science
- Electronics & Communication
- Electrical Engineering
- Information Technology
- Very Large Scale Integration

## M. Tech

- Computer Science Engineering
- Very Large Scale Integration

# Training and Placement Cell

The Training and Placement Cell at BKBIET ( B K Birla Institute of Engineering & Technology ), Pilani serves as a dynamic interface between academia and industry, committed to nurturing the career aspirations of students. By aligning educational experiences with professional requirements, the cell fosters holistic development through structured guidance and industry exposure.

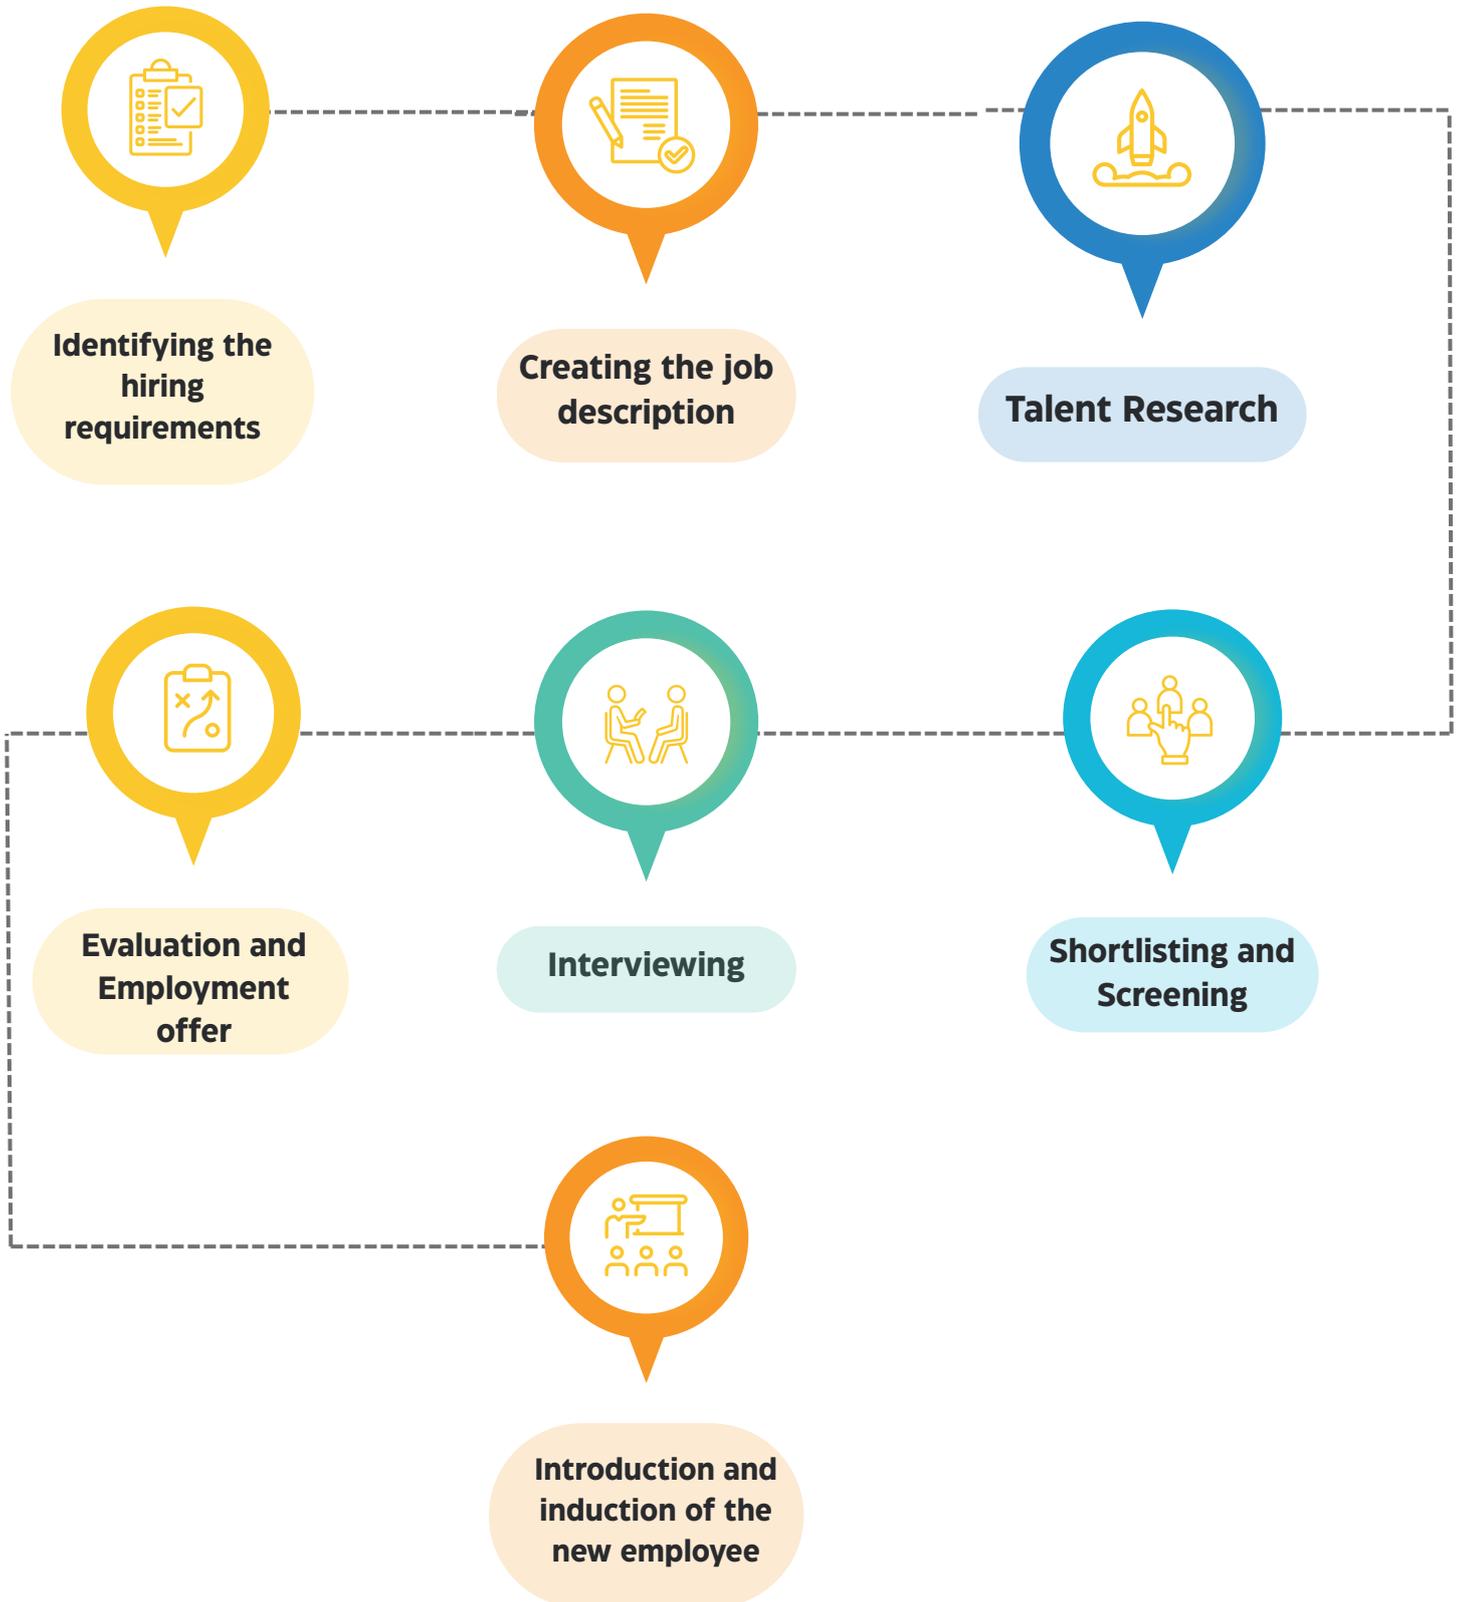

Its core responsibilities include organizing on-campus recruitment drives, facilitating internships, and establishing strategic partnerships with leading organizations. A strong emphasis is placed on comprehensive student preparation, including aptitude training, soft skills development, technical workshops, and interview readiness programs.

The cell maintains enduring industry relationships, enabling students to explore rewarding career opportunities across diverse domains. This proactive and structured approach positions BKBIET graduates for sustained success in the professional world.

# Placement Process

# Placement **Activities**

## Skill Development Workshops

**01**

- Communication Skills
- Confidence Building
- Personality Development

## Increasing Placement Opportunities

- Enabling Campus recruitment drive with smooth Process
- Providing a Pool of talent who can meet the growing need of the industry

## Aptitude & Technical Training

**03**

- Regular assessments to enhance problem-solving and core technical skills.

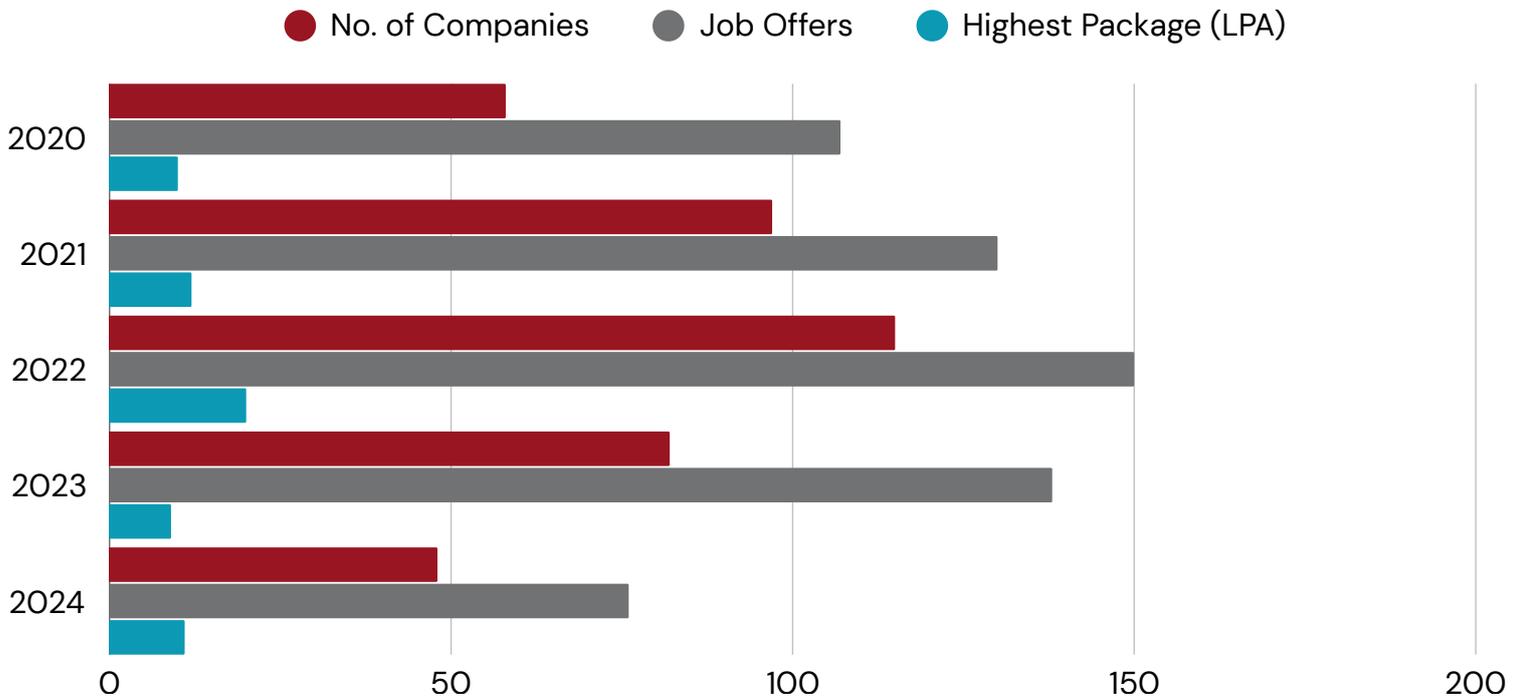

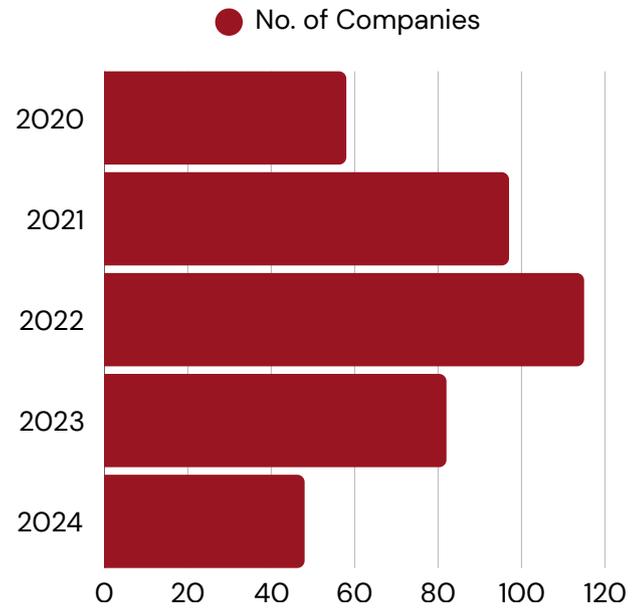

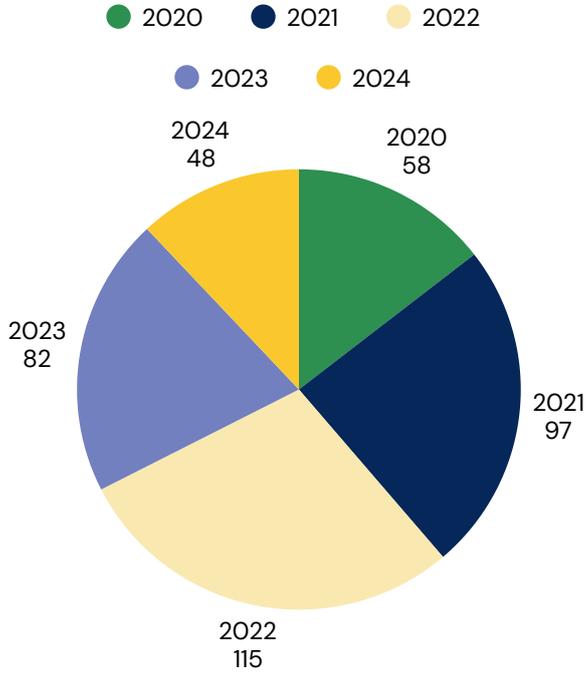

**04**

## Mock Interviews & GD Practice

- Simulated interview and discussion sessions with expert feedback.

# Demographics

# BKBIET International Relations Division (BIRD)

Established on May 14, 2011, the BKBIET International Relations Division (BIRD) was founded with the vision of fostering global educational exposure for students. It encourages them to broaden their academic and professional horizons through international experiences in education, research, and career opportunities.

BIRD actively supports students in securing internships, research opportunities, and higher education avenues abroad, especially after the completion of their undergraduate programs. Many students have successfully interned at prestigious French institutions such as the University of Nantes, Université de Haute-Alsace, and IUT Angoulême. A landmark initiative of BIRD includes the Joint Master's Programme in collaboration with Polytech Nantes, providing a unique blend of Indian and French academic experiences.

BIRD also provides expert guidance on visas, scholarships, and international admissions, helping students confidently pursue global academic and career paths.

# Why Hire from **BKBIET**

# Recruiter's Feedback

**Chetan Paneri**

Secure Meters Limited

Overall the students were good and they performed well in their online tests and interviews. All the arrangements, efforts made and support provided by the BKBIET team was appreciable. Thanks for being such a great host.

**Usha Kanwar**

Aptclouds Software Solutions  
Private Limited

The students demonstrated strong technical knowledge and problem-solving skills, with good adaptability to new challenges.

**Vaibhav Trivedi**

Genus Power Infrastructures Ltd

All good, faculty need to regularly interact with industry giants for updating on technology. All the arrangements, efforts made and support provided by the BKBIET Students were really very good, they were hardworking and sharp minded. All in all our employment history with BKBIET has been brilliant and we trust the students here. Team was appreciable..

**Nishant Gandhi**

FiftyFive Technologies Pvt. Ltd.

Students were really very good, they were hardworking and sharp minded. All in all our employment history with BKBIET has been brilliant and we trust the students here.
