# WEBINAR/SEMINAR/EXPERT TALK

Research, Consultancy, MoUs and Industrial Interaction Committee organized an Expert Talk on “Vision for Centre of Excellence on Electric Vehicle (EV)” on 17 January 2026. The session highlighted emerging opportunities in the EV sector and discussed the roadmap for establishing an EV Centre of Excellence at the institute. Dr. Rajesh Singh Shekhawat, Dr. Nishant Kumar, Mr. Amit Kumar, and Mr. Sunil Kumar shared insights on EV technology, skill development, industrial exposure, and academia–industry collaboration.

The IEEE BKBIET Student Branch and IETE Student Forum (ISF), BKBIET Pilani, organized an expert talk titled “Pen to Publication,” delivered by Dr. Sumitra Singh, Senior Principal Scientist at CSIR-CEERI and Associate Professor at AcSIR. The session focused on research paper writing, journal selection, peer-review processes, and publication ethics, providing valuable guidance to students interested in research and higher studies.

The Department of Electrical Engineering, BKBIET, organized an expert lecture on “Role of Electrical Engineer in VLSI Design” on 24 January 2026. The session was delivered by Mr. Rahul Agarwal, an alumnus of BKBIET currently working at IBM Bengaluru in the VLSI domain. He explained various aspects of VLSI design, including front-end and back-end engineering, and highlighted the core subjects required for a successful career in VLSI. The interactive session greatly benefited the students by providing practical industry insights.

## WEBINAR/SEMINAR/EXPERT TALK

The ECE/VLSI Department organized a special Alumni Talk and Career Guidance Session delivered by Mr. Rahul Agarwal, a 2017 batch alumnus currently working as an Advisory R&D Engineer at IBM. During the session, he shared his academic journey, career experiences, and practical insights into technical skill development, projects, communication skills, and industry-oriented learning.

The interactive session motivated students to focus on continuous learning, technical expertise, and career planning.

The IETE Students' Day Celebration was organized by the IETE Pilani Centre in association with the IETE Student Forum (ISF), BKBIET, and the Entrepreneurship Awareness Programme of MSME, Government of India, to promote technical knowledge, innovation, and entrepreneurship among students. The event featured an invited talk on "MEMS Technology for Advanced Communication Applications" delivered by Dr. Deepak Bansal, Scientist F, CSIR-CEERI, Pilani, who shared valuable insights into MEMS technology and its role in advanced communication systems.

Institute Innovation Cell (IIC), BKBIET organized an expert talk on "Essential Soft Skills for Teachers and Students in the AI Era" on 23 March 2026. The session was delivered by Prof. B. R. Natarajan, former Dean and Professor at BITS Pilani and distinguished academician from Banasthali Vidyapith. He highlighted the importance of communication, adaptability, critical thinking, and emotional intelligence in today's AI-driven world and explained how these skills contribute to academic and professional success.

Prof. Natarajan also connected the teachings of the Bhagavad Gita with discipline, ethical values, and personal development. The interactive session proved highly beneficial for students and faculty members

## WEBINAR/SEMINAR/EXPERT TALK

The Kalash Skill Development Club organized a seminar on “Career Guidance” on 14 March 2026. The session was delivered by Mr. Ashish Kumar Jha, who guided students on career opportunities after B.Tech, domain selection, resume building, and the importance of LinkedIn for professional networking and career growth. The seminar witnessed active participation from students and provided valuable insights into career planning, professional development, and industry readiness.

The IEEE Student Branch, organized an invited talk on “Introduction to Nanodevices for Toxic Molecule Detection” to introduce students to emerging applications of nanotechnology in environmental monitoring, healthcare, and safety systems. The session was delivered by Dr. Ravindra Kumar Jha, Assistant Professor at IIT Guwahati, who explained the fundamentals of nanodevices, nanoscale sensing technologies, and their role in detecting toxic molecules with high sensitivity and accuracy. The hybrid-mode event witnessed enthusiastic participation from students and faculty members.

BKBIET, Pilani organized a technical expert lecture on “Java Programming” on 09 March 2026 under the Adi Karmayogi Responsive Government Programme. The session was delivered by Mr. Pradeep Singh Shekhawat, Assistant Professor, Department of Computer Science and Engineering, to enhance students’ technical knowledge and programming skills.

The programme aimed to promote continuous learning, professional skill development, and awareness of modern technologies among students.

## WEBINAR/SEMINAR/EXPERT TALK

A one-day seminar on “Research Paper Writing Methodology Encompassing Plagiarism” was organized on 27 March 2026 at BKBIET, Pilani under the Entrepreneurship Awareness Programme (EAP) by MSME, Government of India, in collaboration with IETE Pilani Centre, IETE Student Forum (ISF), and the Department of Applied Science and Technology. The seminar aimed to enhance students’ understanding of research paper writing, plagiarism awareness, patents, and ethical academic publishing practices.

The keynote session was delivered by Prof. B. N. Basu, Former Professor and Head, IIT-BHU, who discussed research paper structure, ethical writing, plagiarism avoidance, and the importance of originality in research.

The Department of Applied Science and Humanities and the IETE Student Forum, in collaboration with the Student Welfare Division (SWD), organized a motivational lecture on “Career Guidance” for students. The session was delivered by Aman Dhattarwal, Founder of Apna College, who shared valuable insights on career planning, skill development, academic challenges, and professional growth.

The Research, Consultancy, MoUs and Industrial Interaction Committee, Pilani organized an Expert Talk on “Securing the Digital Future: Roadmap for Cybersecurity Education and Talent Development” on 10 February 2026. The session was delivered by Mr. Himanshu Verma and Mr. Manoj Kumar Saini, Assistant Professors from the Department of Computer Science Engineering, who discussed cybersecurity awareness, digital safety, industry-academia collaboration, certification programs, internships, and community outreach initiatives.

## A PIE DAY – MATHEMATICS FEST

Math's Club, organized a Mathematics Fest titled “Infinity and Beyond: A Pi Day Event” on 13 March 2026 to celebrate Pi Day and promote interest in mathematics among students. The event featured presentation competitions, poster-making activities, and the popular “Mathambola” event, with enthusiastic participation from students across various departments.

## RESEARCH TALK

BKBIET, Pilani organized a research talk on 15 January 2026 under the aegis of the Research, Consultancy, MoU, and Industrial Interaction Committee to strengthen the institute’s research culture and promote academic collaboration among faculty members. The session was delivered by Mr. Ramakant Soni, Assistant Professor, Department of Computer Science & Engineering, on the topic “Crowd Monitoring and Control Using Joint Face Super-Resolution, Head Pose Estimation and Face Verification.”

The Research, Consultancy, MoU, and Industrial Interaction Committee organized an expert talk on “Earthquake Safety in India” delivered by Mr. Sandeep Yadav, Assistant Professor, Department of Applied Sciences & Humanities. The session aimed to strengthen research culture and spread awareness about natural disasters and earthquake safety measures among faculty members.

## INDUSTRIAL VISIT / EDUCATIONAL TOUR

Training & Placement Cell organized an industrial visit to Adani Cement / Ambuja Cements Limited – Marwar Mundwa Plant on 12 February 2026. The visit aimed to provide students with practical exposure to industrial operations and modern manufacturing practices. During the visit, students gained insights into cement manufacturing processes, plant automation, quality control, environmental management, and safety standards followed in the industry.

The Department of Electrical Engineering, organized an industrial visit to the 132KV Grid Substation, Pilani, on 12 March 2026 for electrical engineering students. The visit provided practical exposure to power transmission, substation operations, transformers, communication systems, and safety components used in electrical power systems. Junior Engineer Mr. Amit Karol explained the working of the substation, voltage transmission process, transformer operations, and protective equipment used in the grid system.

An educational visit to BITS Pilani was organized for the students of the ECE and VLSI to provide practical exposure to advanced technologies in communication systems and VLSI. During the visit, students explored the Communication Systems and VLSI laboratories, attended expert sessions by faculty members and research scholars, and gained insights into modern research areas including AI agents, machine learning, LLMs, and future communication technologies such as 6G.

## INDUSTRIAL VISIT / EDUCATIONAL TOUR

An educational visit to the Electrical Machines Laboratory of the Department of Electrical and Electronics Engineering (EEE), BITS Pilani, was organized under the Industrial Training Program to provide students with practical exposure to electrical machines and laboratory practices. During the visit, students observed the working principles, construction, testing procedures, and real-time operation of DC and other electrical machines.

## INDUSTRIAL MoU

B K Birla Institute of Engineering & Technology, Pilani signed a Memorandum of Understanding (MoU) with Secure Meters Limited on 06 March 2026 to strengthen industry-academia collaboration and enhance employability opportunities for students. The MoU focuses on student internships, industrial training, expert lectures, live projects, research collaboration, and placement support.

## TRAINING / WORKSHOPS

The Literary Club organized the five-day literary fest “Literary Odyssey 2026” with great enthusiasm and creativity. The fest featured a variety of literary and communication-based competitions including debate, group discussion, essay writing, presentations, quizzes, extempore, storytelling, and creative events, providing students with an excellent platform to showcase their talent and communication skills.

The Department of Computer Science Engineering organized a One-Day Workshop on Cyber Security to create awareness among students about the importance, challenges, and practical aspects of cyber security in the digital era. The workshop was conducted by key speakers Siddharth Singh and Dheeraj Madhukar, who discussed the advantages and disadvantages of digital technologies and demonstrated the practical use and misuse of security tools.

The Birla Professional Training and Research Centre (BPTRC), Pilani, organized a two-week training program on PLC Automation from 2nd February to 14th February 2026 for Electrical Engineering students. The training aimed to provide students with practical knowledge and hands-on experience in Programmable Logic Controllers (PLC), an essential technology widely used in industrial automation and control systems.

## FACULTY DEVELOPMENT PROGRAM

The Teaching Learning Centre (TLC), BKBIET, organized a six-day Faculty Development Program (FDP) on “MS-Excel” from 14–19 March 2026 to enhance the digital and data management skills of faculty members and administrative staff. The sessions, conducted by Mr. Pradeep Singh Shekhawat, Mr. Sanjeev Sultania, Lt. Anil Kumar, and Mrs. Suman Garg, combined theoretical concepts with hands-on practice in MS-Excel.

## SHAHEED DIWAS

The Literary Club and NCC Unit of BKBIET jointly organized a patriotic and literary programme on the occasion of Shaheed Diwas to honor the sacrifices of India’s martyrs. Students enthusiastically participated through poems, speeches, patriotic songs, and creative performances that reflected the spirit of patriotism, national pride, and respect for the nation’s heroes.
